

DGFI AKKI Satellite Symposium at the ECI2024

“German Society for Immunology (DGFI) Working Group for Clinical Immunology (AKKI)”

1<sup>st</sup> of September 2024

9 am to 12 am with coffee brake at 10:30 am

Ladies and Gentlemen,

The German Society for Immunology (DGFI) Working Group for Clinical Immunology (AKKI) holds its annual meeting 2024 as part of the 7<sup>th</sup> European Congress of Immunology, which takes place in Dublin from September 1<sup>st</sup> to 4<sup>th</sup> 2024.

On the one hand, this orientation of the AKKI annual meeting takes into account the increasing importance of clinical immunology for scientific immunology. This is because the interest of scientific immunology in clinical immunology has grown, since basic research on human samples due to new analysis technologies now is leading to fascinating insights into human immunology. On the other hand, the interest of therapeutic medicine and clinical immunology into scientific immunology has grown, since new therapeutic options such as small molecules, monoclonals and CAR-T cells are available. Thus, immune-mediated diseases can be treated, but also numerous immunological main and side effects occur that warrant further research.

We encourage all clinical immunologists, translational, and basic science immunologistst to submit their abstracts to [fabian.hauck@med.uni-muenchen.de](mailto:fabian.hauck@med.uni-muenchen.de) and [ricardo.grieshaber@fau.de](mailto:ricardo.grieshaber@fau.de). Abstract deadline is 30<sup>th</sup> of July 2023. Abstracts should be structured into introduction, methods, results, and conclusion and have a maximum of 250 words. The four best abstracts will be selected for oral presentation.

We are proud to present Gunther Hartmann and Carsten Speckmann as keynote speakers.

Please find below the preliminary program:

9:00 – 9:15	Welcome address and opening remarks – Fabian Hauck, spokesperson AKKI
9:15 – 10:00	Jochen Kalden-Homage and Lecture – Nucleic acid immunity and its relevance for clinical immunology – Gunther Hartmann
10:00 - 10:15	Best selected abstract 1
10:15 – 10:30	Best elected abstract 2
10:30 – 11:00	Coffee break
11:00 – 11:30	JAK inhibitor treatment for inborn errors of JAK/STAT-signaling – Carsten Speckmann
11:30 – 11:45	Best selected abstract 3
11:45 – 12:00	Best selected abstract 4

The DGFI AKKI Satellite Symposium at the ECI2024 is sponsored by:

**CSL Behring**

**octapharma**

Fabian Hauck, MD, PhD

Spokesperson AKKI

Ricardo Grieshaber-Bouyer, MD

Deputy Spokesperson AKKI
